About us

We're changing lives across Teesside by supporting people and families who've been affected by a terminal illness. We help them make the most of every day, ensuring they receive the best possible care by creating experiences and memories that last a lifetime.

Everybody gets treated as an individual, whether it's physical, mental or emotional support they need from us. We support people to stay as independent as possible for as long as possible.

We're bringing people together. From patients, family and friends to our clinical team, counsellors, staff, volunteers and our fundraisers. We make sure that everyone gets to live well until the very end.

Thank you

We want to say a big thank you for participating in Tea for Teesside and raising essential funds for those living with a terminal illness.

Without fundraisers like you, we wouldn't be able to continue to provide our care for the 3,000 people we care for, each year.

The difference **you** could make!

Did you know?

£158.06 could keep our patients warm and cosy for a day.

£29.57 could pay for the care of a specialist nurse for an hour.
